EDUCATION

Practical Software Engineer at
Handesaim Tel-Aviv
Oct19-Oct22

HOBBIES

Chess ,Football ,Basketball,
Learn

ABOUT ME

Hi, my name is Chen David Benshabbat, 28 years old, married plus one,
Has a software engineer certificate,
I am a person who likes to solve complicated problems and show my ways in creative ways,
I developed a passion for coding myself,
A day I didn't learn something new was a waste,
I have a tendency to make mistakes sometimes and most of the knowledge I remember after I made a mistake.

Projects

Final Project Garage   June 2020 – June2022
A website that manages a garage that gives the customer access to receive information beyond just the arrival of the treatment, also the website helps the manager gather all the information that the garage needs. The project was written in Languages HTML, CSS, PHP, SQL, the information is saved in myadmin
https://github.com/benshabbat/GarageWeb

CryptoApp   June 2022 - Sep 2022
A site that provides information on digital currencies written in JAVASCRIPT with the REACT framework
Style ant design and CSS,
 The information is taken from rapidAPI
https://github.com/benshabbat/Cryptoapp
